RETURN OF MR. COX.—Hon. S. S. Cox returned home this afternoon. He is in good health.

FIRE.—Twice last night were both the new Steam Fire Engines called out and did effective service. About 10 o'clock in the evening, a fire broke out in a frame dwelling near the northwest corner of Fourth and Town streets. The upper part of the building was considerably damaged, and several beds destroyed before the fire was extinguished. About 1 o'clock a fire was discovered in some shavings at the grocery on the above named corner, but was extinguished before any serious damage was done.

ARRIVALS AT THE O. P.—Seven convicts were yesterday brought to the Penitentiary from Lucas county—William McDougal, convicted of burglary and sentenced for three years; George Holt, with several aliases, burglary, three years; James Bortles, burglary, two years; John Herley, arson, two years; Lyman Plank, arson in setting fire to the jail, one year; Thomas Bortles, arson in setting fire to the jail, one year, convicted also of burglary and sentenced for four years for that offense; Charles Bernice, grand larceny, one year.

FROG INSECTARY.—The following item, which we find in that sober, philosophic journal, the Boston *Advertiser*, will amuse those of our readers who are fond of the curious in natural history:

On the island of Pale river, Louisiana, is found a frog whose peculiarities we believe have hitherto escaped the attention of naturalists. It is called the "egg-eating frog." It feeds on the eggs of other frogs, and a great similarity to man in consequence. He is able to penetrate all the eggs it is aware of, and then preys upon the frog itself. To fall into his skill, the frog splits its own piece by piece.

DODGING THE LANDLORD, OR RATHER MAKING THE LANDLORD DOING.—The *Dayton Empire* relates that some renters in that city, when the landlord comes to collect his rents, meet him at the door with the startling announcement—"Don't come in! We've got the small-pox here!" The landlord beats a retreat in double quick time, and an indefinite extension is granted.

SMALL POX.—The Indianapolis *Sentinel* designates five different points in that city, at which the Marabal, in compliance with a city ordinance, has caused red flags to be placed, indicating that there are cases of small-pox on the premises.

COURT OF COMMON PLACES.—The trial of SPAUGUE, which was commenced on Monday, is still progressing, and will probably occur the Court to-morrow.

"Fourteen thousand wild pigeons were shipped from this city yesterday."

"The Mahometan Ramadan, or month of Fasting, commences to day March 13."

SPRING GOODS—JUST RECEIVED.—Spring Camisoles, Cloths and Vestings, of the latest and most recherche styles at CLARE'S New York Clothing Store, No. 124 South High Street.

INTERESTING.—It is housekeepers really understand the great differences that exists between different brands of Salerasus, as to quality, purity, and consequent reliability and healthfulness, they would not long be without the best that is manufactured. De Land & Co's Salerasus costs you no more than any of the inferior articles which are in market. He is using a new process of refining Salerasus, by which all impurities are removed. This process is in use at no other establishment in the country. The quality of the Salerasus produced by this process is very popular, and it is fast becoming very popular among intelligent housewives. De Land & Co's Salerasus is favorite by most grocers and keepers. Manufactured and for sale at wholesale, at Fairport, Monroe county, New York. The principal grocer also wholesale it.
